## **Weekly Prizes**

Each bar that participates in our contest series will award weekly prizes. These prizes will vary from bar to bar and range from a free drink to T-shirts, hats or gift certificates.

## **Karaoke Contest Rules**

This will be a 16 week contest, consisting of ten to twelve weeks of qualifying rounds followed by a semi-final round and then a contest final during week 16. The semi-finals will all be held at the qualifying bar on each subsequent qualifying day.

The contest starts Jan. 14th and ends on April 7th. The semi-finals will be held during the time period of April 8th through April 28th. The finals will be held at Harrah's North Kansas City Facility in The VooDoo Lounge on May 6th. The exact start time of the finals has yet to be determined, but all finalists will be notified in advance. All dates are subject to change.

Once a person wins one of the qualifying contests, he or she advances to the semi-finals. You can win a qualifying round at any of the bars that are participating in the contest, however you can only win one semi-final. A wild card drawing the night of the semi-finals will add one additional contestant to the original finalists. This gives contestants a minimum of nine opportunities to compete in the final round. There will also be an additional opportunity as there is a wild card drawing at the finals at Harrah's.

To have a valid qualifying round contest, there must be at least 4 contestants. Each qualifying round will be limited to eight participants. Sign-ups will be on a first come first served basis. The sign-up sheet will not be put out until the normal start time for karaoke that night.

Singers may bring their own discs, but you must bring a disc in good condition for the computer to read them. Please make sure your song is not already in our music library. We cannot guarantee that your disc will play correctly.

## **Scoring will be based upon a 100 point system as follows:**

### **10 Points for being a regular patron**

Regular patrons will receive an automatic ten points to their scores. This is to reward regulars and to level the playing field with "Contest Sharks" who only show up to win and are never seen again. A regular is a patron who has been to the bar on a regular basis before the contest period starts. The KJ and the Bartender will determine who is a regular.

If you have never been to the bar before the karaoke contest started you will be awarded one point for each night you have been to karaoke during the contest. For example the second week you compete you will receive 1 point, the 3rd week you get 2 points.

### **50 Points for Vocal Ability**

This is the combination of tonal quality, articulation, clarity, emotion, or anything that goes into pure singing ability. OVERSINGING is a reduction of points.

**5 Points for Audience Interaction**

Did the singer sing to the audience? Was the singer able to get the audience into his or her performance?

**5 Points for Song Knowledge and Timing**

Was the singer glued to the lyrics monitor? Are the words sung at the correct time? Were they the correct lyrics? This does leave some interpretation for ad-libbing within reason.

**5 Points for Stage Presence**

Is the singer comfortable performing? Did he or she move, dance etc.?

**5 Points for Appearance**

Did the singer dress like he or she is a winner?

**5 Points for Song Selection**

Does the song fit the singers vocal range and ability.

**15 Points for Audience Reaction**

This represents applause and positive audience reaction to the singer's performance.

**Tie Breaker**

In the event of a tie, there will be a sing-off to break the tie.

**Contest rotation selection**

Names will be randomly drawn to determine the singer's rotation for qualifying rounds and the final round.

**Who can participate?**

This is a singing contest open to all skill ranges. Contestants must be 21 years old.
